Application Rates		
Site	Rate	Frequency
Golf course fairways and roughs, sports fields, lawns	0.5 - 2 oz.	1 – 2 weeks. Use higher frequency when applying at lower rates.

PRODUCT DESCRIPTION:

Phite Prep is a potassium phosphite based fertilizer containing 40% phosphite. It is intended for application to large-acreage turfgrass areas such as fairways, sports fields, lawns, and parks.

When applied in the state of Pennsylvania, the following must be adhered to: This product may not be applied near water, storm drains or drainage ditches. This product may not be applied if heavy rain is expected. This product may only be applied to the intended application site.

Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn/garden.

FIRST AID	
IF SWALLOWED:	Call a poison center or doctor if you feel unwell: Rinse mouth.
IF IN EYES:	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor.
IF ON SKIN:	Remove contaminated clothing and wash skin with plenty of soap and water. If skin irritation occurs, get medical advice/attention.
IF INHALED:	Call a poison center or doctor if you feel unwell.

You may also contact 1-800-992-5994 day or night for emergency treatment information. If medical advice is needed, have product container or label at hand (P101), Keep out of reach of children (P102), Read label before use (P103).

STORAGE: Keep container tightly closed. May be stored in unheated area, but keep from freezing. Store in areas inaccessible to children and pets.

DISPOSAL: Dispose of contents/container in accordance with local/regional/national/international regulations. Do not reuse container.

The following precautionary statements and pictograms are based on The Globally harmonized System of Classifications and Labeling of Chemicals (GHS) and are mandated by the Occupational Safety and Health Administration (OSHA)

WARNING

H303 May Be Harmful if Swallowed
H316 Causes Mild Skin Irritation
